

## **ISSP 2107 Trainee Poster Symposium:**

### **AN AUDIT OF INTRADEPARTMENTAL CONSULTATION IN GALWAY UNIVERSITY HOSPITAL**

**Z. Tsvetanova**, S. Phelan. Department of Histopathology, Cytology and Molecular Pathology. University Hospital Galway.

### **Thyroid cytology: rates of concordance between FNA and surgical diagnoses**

**Kate Dinneen**, David Gibbons; Department of Histopathology, St Vincent's University Hospital

### **Spectrum of Metastases to the Breast from Extramammary Malignancies – Review of Breast Core Biopsy Findings in a Symptomatic Breast Unit**

**Sophie Prendergast**, Aoife Maguire, Ciarán Ó Riain, Barbara Dunne, Dept. of Histopathology, St. James's Hospital, Dublin 8.

### **Serrated Polyposis – A Presentation of Two Cases**

**Kilmartin D**, Sheehan M. Division of Anatomic Pathology, Department of Histopathology, Cytopathology and Molecular Pathology, Galway University Hospital.

### **What's Lurking Behind – Mimics of retroperitoneal liposarcoma: a case series.**

**Brennan, SD**<sup>1</sup>, Fabre A<sup>1</sup>, D'Arcy C<sup>1</sup>, Sheehan M<sup>2</sup> Department of Histopathology, St Vincent's University Hospital (SVUH) <sup>1</sup>. Department of Histopathology, University Hospital Galway<sup>2</sup>

### **From push to pull – a change in gastrointestinal endoscopic biopsy reporting system; audit of effect on turnaround time and survey of consultant attitudes to change**

**Dr. Sarah Ní Mhaolcatha**<sup>1</sup> Ms Mary Monks<sup>2</sup> Dr Ciarán Ó Riain<sup>2</sup> <sup>1</sup>Department of Histopathology, Cork University Hospital, Cork. <sup>2</sup>Department of Histopathology, St. James's Hospital, Dublin

### **Renal Biopsies with Acute Pyelonephritis: Experience over 35 Years in a Transplant Centre.**

**Dr C Ryan**, Dr K Ryan, Dr T Dorman. Beaumont Hospital Dublin

### **Caesarean hysterectomy for placenta accreta, an 11-year retrospective study.**

**Dr Peter Molony**, Dr Emma Doyle. Rotunda Hospital, Dublin

### **Molecular Insights into Uveal Melanoma in an Irish Patient Cohort**

**Peter De La Harpe Golden**<sup>1</sup>, Michael Rice, Anne Marie Larkin<sup>2</sup>, Sinead Toomey<sup>3</sup>, Noel Horgan<sup>4</sup>, Bryan Hennessy<sup>3</sup>, Susan Kennedy<sup>5</sup>

### **Assessment of PD-L1 expression by immunohistochemistry in histological and cytological non-small cell lung carcinoma (NSCLC) specimens in the era of immunotherapy: a national study**

**Katie. Breen**<sup>1,2</sup>, A Doyle<sup>1</sup>, J. McCormack<sup>2</sup>, A. Fabre<sup>1,2</sup> <sup>1</sup>, Histopathology Department, St. Vincent's University Hospital, Dublin 4. <sup>2</sup>, Research Pathology Core Facility, Conway Institute, UCD & UCD School of Medicine, Dublin 4.

**MYC Immunohistochemistry: Predictive Value, Sensitivity and Specificity Compared to Fluorescence In Situ Hybridisation.**

**Dr C Ryan**, Dr K Ryan, Professor M Leader. Beaumont Hospital and RCSI Dublin.

**An unusual cause of pain in pregnancy: A case report**

**Dr. Lisa Mellerick**<sup>1</sup>, Dr. Niall Mulligan<sup>2</sup>, Dr. Emma Doyle<sup>1</sup>.

Departments of Histopathology, <sup>1</sup>The Rotunda Hospital and <sup>2</sup>Mater Misericordiae University Hospital

**Left Atrial Angiosarcoma: A rare cause of death**

**Dr Motaz Hassan**,, Dr John Ryan.. Department of Pathology, Our Lady of Lourdes Hospital, Drogheda.

**A very atypical lipoma; primary synovial sarcoma**

**Kevin O'Hare**<sup>1</sup>, M O'Sullivan<sup>2</sup>, S. Crowther<sup>1</sup>, P. Crotty<sup>1</sup> 1, Department of Histopathology, Tallaght Hospital. 2. Department of Histopathology, Our Lady's Children's Hospital, Crumlin

**Microsystems, St. James Hospital; a year in review.**

**Kevin O'Hare**<sup>1</sup>, Susan Duncan<sup>1</sup>, Aoife Byrne<sup>1</sup>, Ashley Donnelly<sup>1</sup>, Cliona Ryan<sup>1</sup>, Sarah Almasry<sup>2</sup>, Joanne Finn<sup>3</sup>, Ciaran O'Riain<sup>1</sup> .1, Department of Histopathology St. James Hospital 2. HOPE directorate, St James Hospital 3. Department of Physiotherapy St. James Hospital

**Case report of a Chondromyxoid Fibroma of the Right Iliac Bone.**

**Dr H Fadlseed**, Dr C D'Arcy, Dr A Fabre, Dr E Heffernan\*. Histopathology Department, St Vincent's University Hospital, Dublin 4, Ireland\* Radiology Department, St Vincent's University Hospital, Dublin 4, Ireland

**The evaluation of neck dissection specimens received at Cork University Hospital over a one year period.**

**Heuston G**, Jawad H, and Heffron CC. Department of Pathology, Cork University Hospital, Wilton, Cork.

**Preparing for the Challenges of AJCC 8th Edition - an Estimate of Effects on a Local Cohort**

**Max Ramia**, Grace Neville, John Hogan, Cynthia Heffron. Cork University Hospital

**Identifying bad actors in DLBCL: can we tailor gene rearrangement FISH studies based on immunohistochemistry?**

**Deirdre Timlin**<sup>1</sup>, Kevin O'Hare<sup>2</sup>, Jan Walker<sup>1</sup>, Giusseppa Castriciano<sup>1</sup>, Yvonne Connolly<sup>2</sup>, Cliona Grant<sup>2</sup>, Larry Bacon<sup>3</sup>, Elisabeth Vandenberghe<sup>3</sup>, Barbara Dunne<sup>1</sup>, Michael Jeffers<sup>1,2</sup>, Richard Flavin<sup>1</sup> <sup>1</sup>Histopathology Dept., St James's Hospital, Dublin 8. <sup>2</sup>Histopathology Dept, Tallaght Hospital, Dublin 24. <sup>3</sup>Oncology Dept., St James's Hospital, Dublin 8. <sup>4</sup> Haematology Dept., St James's Hospital, Dublin 8.

**Subinvolution of the placental site as a cause of secondary post partum haemorrhage.**

**Connolly C**, Doyle E. Department of Histopathology, The Rotunda Hospital, Dublin 1.

**Hepatocellular carcinoma in liver transplantation**

**Dr Brian Pierce(1)**, Dr Robin Gibney(2), Dr Amy O'Brien(2), Dr Niamh Nolan(1). Departments of Histopathology(1) and Radiology(2) St Vincent's University Hospital, Dublin

**Analysis of an Individual Intradepartmental Consultation Practice in Mater Misericordiae University Hospital** **BP. Hanley**, C. O Keane

**Audit of Biliary Brushing Cytology: Correlation with histological outcome. Audit period: 1<sup>st</sup> January to 31<sup>st</sup> December 2016.** **Dr B Pierce**, Dr D Gibbons. SVUH.

**AUDIT ON EGFR MUTATIONAL ASSESSMENT BY COBAS PCR ASSAY IN NON SMALL CELL LUNG CANCER IN A RAPID LUNG CANCER ACCESS CENTRE**

**Lorraine Boyle**, J Murphy, E Meade, R Geraghty, A Fabre  
Dept of Histopathology St Vincent's University Hospital Dublin

**Royal College of Pathologists' Tissue Pathways for Gastrointestinal and Pancreaticobiliary Pathology (2016) – An Audit of Macroscopic Descriptions of Benign Appendix Resections in TSCUH.**

**Dr Carmel Ryan**, Dr D Devaney. Temple Street Children's University Hospital, Dublin

**Clinical diagnosis of acute appendicitis and its correlation with histological findings: an audit to assess the "negative appendectomy rate" in a tertiary paediatric hospital**

**Dr Carmel Ryan**, Dr D Devaney. Temple Street Children's University Hospital, Dublin.

**An Audit of Melanocytic Lesions**

**Kilmartin D**<sup>1</sup>, Phelan S. <sup>1</sup>Division of Anatomic Pathology, Department of Histopathology, Cytopathology and Molecular Pathology, Galway University Hospital, Ireland & Dept. of Pathology, National University of Ireland, Galway

**Solid variant adenoid cystic carcinoma with basaloid features**

**Kate Dinneen**, Cecily Quinn; Department of Histopathology, St Vincent's University Hospital

**Molecular (including molecular immunohistology) testing in colorectal cancer , a 6 year single institution experience.**

**Peter Molony**, Shane Brennan, Robert Geraghty, Jean Murphy, Julie Gorman, Edwina Meade, Lorraine Boyle, Niall Swan, Kieran Sheahan. St Vincent's University Hospital, Dublin
